

3 in 1 manual dispenser

cannon
hygiene

Manual Seat Sanitiser; Manual Soap Dispenser; Manual Hand Cleaner.

- **Easy to use and hygienic**

- Bag-in-box hygienic system - easy change of refills.
- Bag with integral one-way valve to prevent clogs and drips.
- New pump with every refill.

- **The most hygienic dispenser in the market**

- Dispensing lever is made with Polygiene antibacterial technology that starts to kill microbes instantly on contact and breaks the transmission path of diseases.

- **Versatile Dispenser**

- High capacity: suitable for 400ml and 800ml refills.
- According to the choice of refill, the dispenser can be used as a Seat Cleaner, a Foam Soap Dispenser or a Hand Cleanser Dispenser.

- **Large choice of refills for one dispenser**

- 5 formulations available; Standard Foam, Dermo Foam, Anti Bacterial Foam, Seat Sanitiser Dry Foam and Hand Cleanser.
